EDUCATION

Indian Institute of Engineering Science and Technology	2024-2028
<i>B.Tech in Computer Science and Technology</i>	8.4 CGPA
Narayana Junior College	2022-2024
<i>Intermediate(MPC)</i>	96.7%
Accord School	2021-2022
<i>10th</i>	88%

PROJECTS

College Based RealTime Web Chat Application

MongoDB, Express.js, React.js, Node.js (MERN Stack), WebSockets

- Built a scalable real-time web chat platform using the MERN stack, enabling seamless college-specific and cross-college communication.
- Implemented WebSocket-based real-time messaging to ensure low-latency, bi-directional communication between users.
- Engineered an automatic message self-destruction mechanism (5-minute lifecycle), enforcing zero long-term data retention to enhance privacy.
- Architected backend APIs with Node.js & Express.js to handle secure session management, room-based matchmaking, and user pairing.

Club Induction Registration Web Application

Firebase, JavaScript, HTML, CSS

- Developed a web-based induction registration platform enabling students to register and submit details through a structured online form.
- Integrated Firebase (Authentication & Firestore/Realtime Database) to securely store and manage registered student data.
- Designed a responsive and intuitive user interface, enabling smooth registration across devices and improving participation.

EXPERIENCE

Google Solution Challenge

Team lead

- Led a team of 4 members to develop a cross-platform mobile application using Flutter & Dart.
- Developed a mental health assessment application that evaluates user emotional state and behavioral patterns through structured questionnaires and follow-up questions.
- Implemented logic to analyze user responses for indicators such as anger levels and behavioral trends, enabling personalized feedback.
- Integrated Firebase for secure data storage and Python-based processing to generate personalized mental health tips and recommendations.

SKILLS

Expertise: Web Development, Backend & Database Management, Data Structures, Mobile Application Development

Languages: Dart, Python, ,C, C++, HTML, CSS, Javascript, SQL

Frameworks: React.js, Express.js, Node.js, MySQL , MongoDB, WebSockets, Firebase

Tools: Git, GitHub, Google Colab, VS Code, Android Studio

CERTIFICATIONS & ACHIEVEMENTS

- Reliance Scholar
- Secured 98.9 Percentile in JEE Mains 2024 (Top 1.3% among almost 1.3 million candidates)
